INDEPENDENT AUDITOR'S REPORT

Learning Community Coordinating Council
Learning Community of Douglas and Sarpy Counties
Omaha, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Learning Community of Douglas and Sarpy Counties (Learning Community), as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Learning Community's basic financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Learning Community's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the

appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of the governmental activities and each major fund of the Learning Community as of August 31, 2014, and its revenue collected and expenses paid during the year then ended, in accordance with the cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Learning Community's basic financial statements. The Management's Discussion and Analysis and Budgetary Comparison information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Management's Discussion and Analysis and Budgetary Comparison information have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2015, on our consideration of the Learning Community's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Learning Community's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Learning Community provides this Management's Discussion and Analysis of its financial statements to provide a narrative overview and analysis of the financial activities as of and for the fiscal years ended August 31, 2014 and 2013. Please read it in conjunction with the Learning Community's financial statements, which begin on page 7.

Financial Highlights

- General Fund receipts decreased from \$939,689 in fiscal year 2013 to \$727,835 in fiscal year 2014, and General Fund disbursements decreased from \$1,017,948 in fiscal year 2013 to \$828,725 in fiscal year 2014. The Learning Community's General Fund balance decreased from \$696,512 at the end of fiscal year 2013 to \$595,622 at the end of fiscal year 2014.
- General Fund receipts decreased primarily due to a decrease in State appropriations in the amount of \$211,516. The decrease in General Fund disbursements is due to the reduction of diversity, coordinating council, and administrative costs in 2014 compared to 2013.

Using This Annual Report

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Learning Community's financial activities.
- The Government-Wide financial statements consist of a Statement of Net Position – Cash Basis and a Statement of Activities – Cash Basis. These statements provide information about the activities of the Learning Community as a whole and present an overall view of the Learning Community's finances.
- The Fund financial statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the Learning Community's operations in more detail than the Government-Wide financial statements by providing information about the most significant funds. The Fund financial statements of the Learning Community only include governmental activities. The Learning Community has no business type (proprietary) or fiduciary funds.
- Notes to the financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.
- The Budgetary Information further explains and supports the financial statements with a comparison of the Learning Community's budget for the year.

FINANCIAL ANALYSIS OF THE LEARNING COMMUNITY

Net Position

The Learning Community's net position reported in the Statement of Net Position – Cash Basis represent the financial position of the Learning Community. The Learning Community's net position at August 31, 2014 and 2013 amounted to \$8,170,352 and \$7,694,941, respectively. The increase in the financial position primarily resulted from a decrease of expenditures in the Elementary Learning Center Fund.

Governmental Activities

A summary of the governmental activities of the Learning Community are as follows:

	Fiscal year ended <u>August 31, 2014</u>	Fiscal year ended <u>August 31, 2013</u>	Change from Prior Year

Increase (decrease) in Net Position	<u>\$ 475,411</u>	<u>\$ (306,313)</u>	<u>\$ 781,724</u>

The decrease in governmental disbursements was primarily due to the decrease in amounts expended for elementary learning center program activities and administration costs.

Individual Fund Analysis

As mentioned previously, the Fund financial statements report the Learning Community's activities in more detail than the Government-Wide statements by providing information about the most significant funds. The Fund financial statements of the Learning Community only include governmental activities – the General Fund, Capital Projects Fund and the Elementary Learning Centers Fund.

LEARNING COMMUNITY OF DOUGLAS AND SARPY COUNTIES

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Concluded)

General Fund – The General Fund is funded by appropriations from the State of Nebraska. The General Fund fund balance amounted to \$595,622 at August 31, 2014, a decrease of \$100,890 from the fund balance at August 31, 2013, primarily due to decreased appropriations from the State of Nebraska. General Fund disbursements were less than total budgeted disbursements in the amount of \$144,939. Excess amounts are being carried over to the 2014-2015 fiscal year to fund future programs and ongoing operations of the Learning Community.

Capital Projects Fund – The Capital Projects Fund consists of unspent tax levies received as a result of the capital projects levy received in prior tax years. There were no taxes levied for the Capital Projects Fund for 2014. These funds are restricted by State statute for capital projects and lease and leasehold improvements. In 2014, \$1,102,785 was expended for purposes of leases and leasehold improvements for elementary learning centers.

Elementary Learning Centers Fund – The Elementary Learning Centers Fund is funded through taxes and other receipts restricted for purposes of supporting elementary learning center program activities. Elementary Learning Centers Fund fund balance amounted to \$6,120,094 as of August 31, 2014. Disbursements of \$3,602,203 were less than budgeted disbursements of \$6,952,849 as programs for elementary learning centers continue to be more established. Excess amounts are being carried over to fund program activities in future years.

Economic Factors Bearing on the Learning Community's Future

At the time these financial statements were prepared and audited, the Learning Community was aware of several circumstances that impact the future activities of the Learning Community:

- The taxable property valuation for the Learning Community for 2014/2015 increased by 2.21% from the prior year property valuation.
- The General Fund Common Levy Fund tax levy rate for 2015 is consistent with the 2014 levy rate at \$0.95 per \$100 of assessed valuation.
- The Elementary Learning Center Fund tax levy approved for 2015 is consistent with the 2014 levy rate at \$0.01 per \$100 of assessed valuation.
- There was no tax levy approved for 2015 for the Special Building Fund Common Levy or the Capital Projects Fund.
- General Fund monies, which are received through State appropriations, are subject to modification by the Nebraska Unicameral Legislature.

NOTES TO FINANCIAL STATEMENTS

1. **Summary of Significant Accounting Policies**

The following is a summary of the significant accounting policies of Learning Community of Douglas and Sarpy Counties (Learning Community) consistently applied in the preparation of the accompanying financial statements. The Learning Community's financial statements are presented on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

A. Reporting Entity

The Learning Community is a tax-exempt political subdivision in the state of Nebraska organized under Neb. Rev. Stat. § 79-2102 (Reissue 2014). The geographic area served by the Learning Community consists of the metropolitan area surrounding Omaha, Nebraska generally located within Douglas, Sarpy and Washington Counties and includes the geographic territory of the 11 school districts headquartered in Douglas and Sarpy Counties. The Learning Community is governed by the Learning Community Coordinating Council, and, with regard to each of its six Subcouncil Districts, an Achievement Subcouncil composed of the Learning Community Coordinating Council's members who represent the Subcouncil District.

The Learning Community's financial statements are presented as the primary government and include all the funds and activities for which the Learning Community is financially accountable.

B. Basis of Presentation

Government-Wide Financial Statements. The Government-Wide financial statements include the Statement of Net Position – Cash Basis and the Statement of Activities – Cash Basis, which present information about the Learning Community as a whole. The statements present the Learning Community's financial statements as governmental activities. The Learning Community has no business type or fiduciary activities. Governmental activities are generally financed through taxes, intergovernmental revenues, and other non-exchange transactions.

Fund Financial Statements. Fund financial statements report information about the Learning Community's funds. The Learning Community consists of five funds, the General Fund Common Levy fund, the Special Building Fund Common Levy Fund, the General Fund, the Capital Projects Fund and the Elementary Learning Centers Fund. Pursuant to Neb. Rev. Stat. § 79-1073 (Reissue 2014) and § 79-1073.01 (Reissue 2014), General Fund Common Levy tax receipts and Special Building Fund Common Levy tax receipts are distributed directly by county treasurers to member school districts rather than deposited in a Learning Community depository account and distributed by the Learning Community. The activities of the General Fund Common Levy and Special Building Fund Common Levy funds are not included in the financial statements of the Learning Community because no activity is recorded to the Learning Community's funds.

LEARNING COMMUNITY OF DOUGLAS AND SARPY COUNTIES

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

Separate columns are presented for each major governmental fund in the fund financial statements.

The Learning Community has three governmental funds in the fund financial statements, described below:

General Fund – The General Fund is the operating fund of the Learning Community. It is used to account for all financial resources except those required to be accounted for in other funds.

Capital Projects Fund – The Capital Projects Fund is used to account for taxes levied and other revenues used to acquire or improve sites and/or erect, alter or improve buildings, and to finance facility lease payments and any leasehold improvements.

Elementary Learning Centers Fund – The Elementary Learning Centers Fund is use to account for taxes levied and other revenue used to support elementary learning center program activities.

C. Measurement Focus and Basis of Accounting

The Government-Wide and fund financial statements are presented using a cash basis measurement focus. The reported net position and fund balances are considered a measurement of “available cash and investments”. The activities reported focus on cash received and cash disbursed.

Under the cash basis of accounting, revenues are recognized when cash is received by the Learning Community, and expenditures are recognized when paid.

D. Budget Process

The Learning Community is required by State law to adopt annual operating budgets at the fund level for its five funds. Budgets are prepared and presented on the cash basis of accounting, which is consistent with the basis of accounting used in presenting the basic financial statements and with the requirements of the State of Nebraska Budget Act.

Public hearings are held to obtain taxpayer comments regarding the proposed budget, and the budget is legally adopted by the Learning Community Coordinating Council on or before September 1 through passage of a resolution in accordance with State statutes. Total disbursements cannot legally exceed the adopted budget. Any revisions for increases in the budget must be approved by the Learning Community Coordinating Council following a hearing to obtain taxpayer comments.

General Fund Common Levy tax receipts are distributed by county treasurers directly to member school districts based upon the amount which the Learning Community Coordinating Council certifies for each member school district in accordance with Neb. Rev. Stat. § 79-1073 (Reissue 2014).
- Special Building Fund Common Levy (between \$0.00 and \$0.02 within the \$1.05 levy limit as noted in Neb. Rev. Stat. § 77-3442 (Cum. Supp. 2014) per \$100 of assessed valuation). Stat. § 77-3442 (Cum. Supp. 2014), for tax years beginning in 2014, the Elementary Learning Center Levy was amended to between \$0.00 and \$0.015 per \$100 of assessed valuation.

The property tax requirement resulting from the budgeting process is utilized to establish the tax levy in accordance with State statutes, which attaches as an enforceable lien on the property within the Learning Community as of December 31. Taxes are due as of that date. One-half of the real estate taxes become delinquent after the following April 1 and the second one-half is delinquent after August 1. The combined tax levy of the Learning Community for the year ended August 31, 2014 per \$100 of assessed valuation was as follows:

I. Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – This component of fund balance consists of amounts that are not in a spendable form or are required to be maintained intact. At August 31, 2014, the Learning Community had no nonspendable fund balances.

Restricted – This component of fund balance consists of amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally, or through enabling legislation. Effectively, restrictions may be changed or lifted only with the consent of resource providers. At August 31, 2014, the Learning Community had restricted fund balances of \$7,664,262.

Committed – This component of fund balance consist of amounts that can be used only for the specific purposes determined by a formal action by the Learning Community Coordinating Council. Commitments may be changed or lifted only by the District taking the same formal action that imposed the constraint originally. At August 31, 2014, the Learning Community had no committed fund balances.

Assigned – This component of fund balance consists of amounts intended to be used by the Learning Community for specific purposes as intended by the Learning Community Coordinating Council. At August 31, 2014, the Learning Community had no assigned fund balances.

Unassigned – This component of fund balance is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

The Learning Community first applies restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted resources are available.

J. Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of receipts and disbursements during the reporting period. Actual results could differ from those estimates.

BUDGETARY COMPARISON SCHEDULE

The Learning Community has provided budgetary comparison schedules for the General Fund and for each major special revenue fund that has a legally adopted annual budget. The budgetary comparison schedules include the original budget and final budget amounts. The original budget is the first complete appropriated budget adjusted by reserves, transfers, and other legally authorized changes before the beginning of the fiscal year. The original budget would also include amounts automatically carried over from prior years when required by law. The final budget is the original budget adjusted by all reserves, transfers, and other legally authorized changes applicable to the fiscal year as approved by the Learning Community Coordinating Council or otherwise legally authorized.

The Learning Community is required by State law to adopt annual operating budgets at the fund level for its five funds. Budgets are prepared and presented on the cash basis of accounting, which is consistent with the basis of accounting used in presenting the basic financial statements and with the requirements of the State of Nebraska Budget Act.

Public hearings are held to obtain taxpayer comments regarding the proposed budget, and the budget is legally adopted by the Learning Community Coordinating Council on or before September 1 through passage of a resolution in accordance with State statutes. Total disbursements cannot legally exceed the adopted budget. Any revisions for increases in the budget must be approved by the Learning Community Coordinating Council following a hearing to obtain taxpayer comments.

**LEARNING COMMUNITY OF DOUGLAS AND SARPY COUNTIES
REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
*GOVERNMENT AUDITING STANDARDS***

Independent Auditor's Report

Learning Community Coordinating Council
Learning Community of Douglas and Sarpy Counties
Omaha, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Learning Community of Douglas and Sarpy Counties (Learning Community) as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Learning Community's basic financial statements, and have issued our report thereon dated March 11, 2015. The report notes the financial statements were prepared on the cash basis of accounting.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Learning Community's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Learning Community's internal control. Accordingly, we do not express an opinion on the effectiveness of the Learning Community's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Learning Community's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Learning Community's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Learning Community's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
